

Your new benefits for 2017-18

SET is pleased to increase its support for members' professional development and career progression by launching two new benefits for the start of its 2017-18 membership year: a mentoring service, and substantially increased access to research content.

The first part of our mentoring service, a new high quality, video-based e-learning [Introduction to Mentoring programme](#) is now available. This online programme has been developed for SET members who want to develop mentoring skills and knowledge and also offers an optional module for QTLS supporters. We are also developing a structured mentoring service. These will be complemented by our [face-to-face network meetings](#) and [online forums](#).

SET is now offering its members an unparalleled range of support to help them engage more with [research](#). From 3 April 2017, members can access the world-leading [EBSCO](#) research journal collection, comprising articles from more than 1,300 education journals, 530 e-books and monographs and 2,300 education-related conference papers. This is in addition to our interactive "[Research Map](#)" tool and the Research section in [InTuition](#) and annual research supplement.

[Find out more about your new benefits.](#)

Career focus

Have you visited the new career focus area? Kicking off with the first article from our brand new range of fact sheets and case studies is our guide to [Writing a CV](#). No time to read it? [Listen to our podcast instead](#), featuring lots of useful tips and information from experts in the field of HR and recruitment.

Our career focus section is also home to our [members' career stories](#), including links to relevant webinars, articles and research, all with the aim of helping you develop your career. [Visit the career focus area to find out more](#).

Meet a member

This month we meet Professor Ed Sallis OBE who talks us through his impressive 45-year career, which led to him receiving an OBE in 2009 for his services to education. [Read his story](#) and find out how to get yours published on the SET website.

[Meet Ed](#)

SET and ALM team up for research and numeracy teaching competition

SET is working with research forum [Adults Learning Mathematics \(ALM\)](#) to offer SET members the opportunity to undertake research to improve their numeracy and mathematics teaching and learning skills, with three winners securing a place at the ALM conference in Rotterdam in July 2017 where they will present their research.

QTLS registration window

The QTLS registration window will open at 12pm on Saturday 1 April. [Check your eligibility and register on our website.](#)

Join us on Facebook and LinkedIn

Don't forget to follow our [Facebook page](#) and join our [LinkedIn group](#) so you can keep up-to-date with the latest news from SET.

Career research survey

Thank you to everyone who responded to our [career research survey](#). We had nearly 800 responses, and are analysing the results, to be revealed soon.

Reviewed and updated conditions of membership

We have recently reviewed and updated [our terms and conditions of membership](#), as the previous set expires today, the 31 March. We have taken the opportunity to make our new terms and conditions clearer and more comprehensive, so that they encompass all existing information about your membership subscription, our Code of Practice and Membership Procedures in one central location.

We have also introduced a new section in the terms and conditions about behaviour towards our staff, to clarify how we would expect members to behave when dealing with SET staff and to reflect the high standards we set ourselves in supporting our members.

The new terms and conditions take effect from 1 April, 2017. Please take the time to read them [on our website](#). If you have any queries or concerns, please let us know at membership.communications@etfoundation.co.uk. If we do not hear from you by Friday 14th April, we will assume that you are happy to follow the new terms and conditions for the rest of the membership year, or until they are next reviewed.

What's on

Webinars

- Small things that make a big difference in attendance (Part 1), 9 May 2017, 12.30-1.30pm. [Find out more and register.](#)
